My favourite film

My favourite film is Titanic. It is a love story and a historical film. The film is about the first, and at the same time, the last voyage of the Titanic.

The Titanic, the biggest ship in the world, was made in Belfast in 1912. She was very beautiful and one of the fastest, too. Her designer, Thomas Andrew said about the Titanic: "She is big and beautiful, and she is very safe, too. This ship can never sink." On April, 10 1912 the Titanic sailed from Southampton, in England, to New York, in the United States.

The two main characters of the film were a poor young man, Jack (Leonardo DiCaprio) and a rich young girl, Rose (Kate Winslet). They fell in love, but they didn't have much time for their love. The Titanic hit the iceberg and started to sink. The young girl survived, but the young man died in the freezing water of the Atlantic Ocean. It happened on the night of 14th April. There were 2,207 people on the ship. 1,503 people died.

Titanic is my favourite film because Leonardo DiCaprio is my favourite actor and he was very good in the film. There were many special effects and the music was wonderful.
